

## Stevens Institute of Technology - Classes Forming for SUMMER 2006 Semester

SNAME has never been in a better positioned to serve your professional needs. Stevens Institute of Technology, in cooperation with SNAME, is happy to announce the continuation of the **10% discount programs** for any SNAME member who signs up for any Stevens online course for a special Summer 2005 semester, starting May 31, 2005.

Registration is now open for more than 40 graduate-level courses on topics such as Project & Technology Management, Systems Engineering, Engineering Management and Construction Management.

The Online Orientation week (which gives you time to get familiarized with the online class environment and get a head start on the first assignments) begins on May 23. The deadline for late registration is June 3.

Detailed course and program descriptions as well as admissions information can be viewed at: <http://webcampus.stevens-tech.edu/courses/index.html>

Master's Degree Programs Include:

- Project Management
- Systems Engineering
- COMING FALL 2005!! Engineering Management

Highlighted Graduate Certificate Courses Include:

- Technology Management
- Cyber Security
- COMING FALL 2005!! Construction Management

A complete schedule of SUMMER courses can be viewed at: [http://webcampus.stevens.edu/schedules/summer\\_05.html](http://webcampus.stevens.edu/schedules/summer_05.html)

SNAME has negotiated a **10% discount** on tuition for all Stevens Institute of Technology graduate credit certificate and masters' degree programs.

Online graduate programs offered by Stevens are particularly well-suited for busy engineers and managers with tight schedules. WebCampus courses are conducted by highly respected faculty and cover the same intensive business and technical content as conventional classes.
