CALL FOR CONFERENCE PROPOSALS

The International WorkBoat Show conference program is currently seeking session topic proposals, including abstracts and papers, for its technical segment: *Innovations In Marine Technology 02'*. Technical developments that are currently affecting or will affect the industry within a year of the show will be given the highest preference as conference topics.

Limited scheduling and time slots are available - send attached conference proposal in as soon as possible to ensure efficient consideration and acceptance.

Proposal deadline: July 15, 2002

Please send completed proposal to:
